ATTENTION: GRADUATE and PROFESSIONAL STUDENTS
TEACHING ASSISTANT POSITIONS AVAILABLE

COLLEGE OF PUBLIC HEALTH AND HEALTH PROFESSIONS
Fall 2011 Bachelor of Health Science Program
Application Deadline is May 6, 2011

The Bachelor of Health Science Program is currently hiring graduate teaching assistants for the Fall, 2011 semester. Teaching assistants will facilitate their own labs in Therapeutic Communication Skills and lead several course activities in Leadership Skills and Styles, thus gaining hands-on teaching experience under faculty supervision throughout the semester. Instructors in several other health science courses (i.e., U.S. Health Care System, Human Development I, and Survey of Diseases and Disability) will also need teaching assistants to help with general course management, such as assisting with organizing course material and guest lecturers, developing and grading assignments and exams, posting and tracking assignments on the course web site, conducting library searches, and responding to student inquiries. All positions require the assistant to attend all course-related meetings as part of their position, including, but not limited to, all assigned lectures, labs, review sessions, and supervision meetings.

If you are a graduate or professional student in good standing in the College of Public Health and Health Professions and are interested in applying for one of these positions, please submit your completed application to Katie Sharp via e-mail esharp@phhp.ufl.edu or in person (Dean’s Office, HPNP 4113) by May 6, 2011. A completed application form includes the Cover Sheet, statement on teaching experience and interest, and BHS Course Preferences sheet. All forms are included below. Deadline for the receipt of your application is May 6, 2011.

Preference will be given to students who can cover more than one section or course so please make sure you rank order all of your coverage possibilities on your application. Courses with labs offer multiple sections so clearly state the lab times you can cover. For your reference, the Bachelor of Health Science Program Fall, 2011 schedules for juniors and seniors are posted on the BHS web site http://bahealthsci.phhp.ufl.edu/currentstudents/schedule.htm. Although these are schedule drafts until the Fall term begins, we anticipate very little, if any, change to this schedule.

We assume that if you list a course or courses on your application, you can definitely serve as a teaching assistant for any and all times listed. Do not list a course for which you may have a conflict or are unsure you can cover. By applying for a position, you are agreeing to be available to TA at the times assigned to you from the course times you list on your TA application.

This position pays a minimum of $12 per hour. Most full-time students will be selected to receive a waiver based on their assignment and qualifications. We will let you know after assignments are made whether you have been selected to receive a waiver, which are limited in number. Part-time students are eligible to apply to be an assistant but are not eligible for the waiver. We anticipate the positions will require 6-24 hours per week depending upon assignment.

If you would like more information on the Bachelor of Health Science Program, please check out the BHS web site www.phhp.ufl.edu/bahealthsci/.

THANK YOU FOR YOUR INTEREST!
APPLICATION FOR GRADUATE OR OPS TEACHING ASSISTANTSHIP
PHHP BACHELOR OF HEALTH SCIENCE PROGRAM
Cover Sheet - Fall, 2011

Please note: Only graduate/professional students in good standing are eligible to apply.

PLEASE PRINT OR TYPE.

TERM/YEAR ENTERED CURRENT GRADUATE/PROFESSIONAL PROGRAM:
Summer____ Fall____ Spring____ Year_______

PROJECTED GRADUATION DATE:
Summer____ Fall____ Spring____ Year_______

CURRENT UF GPA: __________
GRE SCORE submitted with graduate application: Verbal ____ Quantitative ____ N/A____

(1) Please attach a typed, double-spaced statement regarding your reasons for seeking this
health science teaching position. Please be sure to cover:
• Teaching experience, including type and level (undergrad/grad) of course(s), and teaching
  responsibilities.
• Interest in the BHS position as it relates to your career goals
If you currently TA in the BHS program, please provide a statement of the benefit of this semester’s
experience rather than covering the two bullets above.

Limit your response to 1 ½ pages. Please be sure to sign and date this statement.

(2) Complete the attached Course Preferences sheet
• Rank order all of your preferences for course assignment (1=first choice). If a course has
  more than one lab choice, rank order all lab times you can cover.
• List the minimum, maximum, and preferred number of hours you want to work.
• If you anticipate having another assistantship in the Fall, you must list your weekly hours.
COLLEGE OF PUBLIC HEALTH AND HEALTH PROFESSIONS

BHS COURSE PREFERENCES

Fall, 2011

Name: _______________________________________

Are you currently a TA in the BHS program?  Yes ___     No ___

- List each course name and time of specific sections of interest in the table below. Include all courses and course labs of interest. Then, rank order your preferences for course assignment using 1 as your first choice.

- If a course has more than one lab, you must individually rank each lab time in which you are interested. The lab times are posted on the BHS website http://bahealthsci.phhp.ufl.edu/currentstudents/schedule.htm. If you have no time preference, you may leave the rank order section blank, and we will assume we can assign you any time for the courses you have listed.

List only the courses for which you want to be considered. Possible courses include:

- U.S. Health Care System
- Survey of Diseases and Disability
- Leadership Skills and Styles
- Therapeutic Communication Skills
- Human Development I
