

Remy Powell

MPH IN ENVIRONMENTAL HEALTH

Why did you choose the University of Florida?

I chose University of Florida because it has been my dream school. My parents both went here and in fact met here as well. They have amazing resources and great support for students on this campus as well. Once I got the acceptance letter it was a no brainer for me.

What philosophy guides you in your education?

The best knowledge cannot be learned in a classroom instead they are learned through real-world experience.

What is your research experience?

- USDA laboratory technician in Gainesville, FL
- United States Department of Agriculture (USDA) Internship. Thessaloniki, Greece
- UF Urban Pest Management Lab Technician. Gainesville, FL
- Bronson Animal Disease Diagnostic Laboratory. Kissimmee, FL
- UF Biosecurity and Research Lab Technician. Gainesville, FL

What are your career goals?

I would love to teach at a community college or University.

Educational Background

In the process of getting BPH and MPH from UF

Research Interests:

- Mosquito surveillance
- Insecticides

If you could solve one environmental and/or global health problem, what would it be?

Solve climate change.
